APPROVAL OF THESIS/MRP SUPERVISOR

If you are a student applying for admission to a program that requires a thesis supervisor (MEd MRP; MA; PhD), read the information about thesis supervision on the Graduate and Postdoctoral Studies website: (<https://www.uottawa.ca/study/graduate-studies/thesis/thesis-supervision>). Students are responsible to communicate with potential professors to find a thesis or MRP supervisor. When you have found a professor willing to supervise your thesis, you can complete this form. The Academic Office does not provide assistance in this process. See the following website for helpful information: <https://www.uottawa.ca/faculty-education/academic-resources/find-supervisor>

Add your completed and signed form to your admission application via your uoZone account. Your application will not be complete without this signed form. Please note that submitting this form does not guarantee admission.

SECTION A – Student Information			
Family Name:		First Name:	
Email:		Student #:	
Country of Citizenship:		Expected Admission Term:	
Program of Study:		Major Research Paper (MEd MRP), Master’s (MA) or Doctorate (PhD):
