**Required Courses**

**Major field of study in your 4-year Bachelor's program:** \_\_\_\_\_

**If you already have a graduate degree, please specify:** \_\_\_\_\_

**Referring to your transcripts, identify the course code, course title and grade for the courses you have completed in the following subject areas** (If your institution differentiates between "theory course" and "laboratory", please indicate only the "theory" section):

| Subject  | Course Code | Course Title | Year | Grade |
|--|-------------|--------------|------|-------|
| One course in Statistics   |             |              |      |       |
| One course in Computing (e.g. Computer Programming, Introduction to IT, Management Information Systems, etc.)  |             |              |      |       |
| Two advanced courses showing specialization in one of the three disciplines: creative arts and humanities (i.e. online multi-media or communications); management (i.e. digital transformation management or strategy); or technology (i.e. online application development or data science). |             |              |      |       |
