

Submission and evaluation of the MRP (DCL 7066)

Confirmation of research topic & evaluator

The supervisor contacts/confirms the examiner & signs the form. The student submits the form to etudgrad@uottawa.ca or in person to the graduate office

Fall term: November 15th

Winter term: April 15th

Summer term: July 15th

It is important to specify on the form if paper copies will be necessary.

Statement of research paper (DCL 7066) Supervisor for evaluation

Once the Supervisor gives the approval and signs the statement form. The student submits the MRP (electronic copy) to etudgrad@uottawa.ca & paper copies if required to the graduate office

Fall term: December 15th

Winter term: May 15th

Summer term: August 15

- The graduate office sends the MRP for evaluation to the supervisor and examiner, it is evaluated based on these criteria:

-Understanding of the topic

-Research methodology

-Originality

-Quality of analysis

-General organization, literary form, and material presentation

Once the comments are received, the graduate office sends a copy of the evaluation report forms and comments to you and your supervisor.

The evaluation will result in one of these two verdicts:

The MRP is accepted and meets the requirements of the program; in this case, you will have completed all your requirements. The grade 'S' (satisfactory) will be entered in your file.

The MRP does not meet the required criteria & must undergo significant revisions. In this case, the 'NS' grade (not satisfactory) is entered in your file you remain registered to the MRP (DCL 7066) until obtaining the final mark.

The final grade must be entered in your file before the graduate office can recommend your degree to Senate. For more information on deadlines please see the following link: [Obtain your degree](#)
