

Active Care Medical Clinic

Location: 1108 Klondike Road, Kanata ON

Tel: 613-254-9777

Primary Preceptor: Dr. Carl Bertrand

Established in the west end of Ottawa, Activecare has been serving the community since 2002 and now covers the greater part of the city and continues to grow. We believe that the best care comes from having your own family doctor however when this is not an option we strive to provide care for all patients through our walk-in clinics.

Our Mission is to assist our patients in reaching their optimal level of health and well-being through education and the help of our medical team.
