The Riverside South Medical Centre is part of a family health organization located approximately 15 km from Ottawa's downtown core. This site houses five full-time and three part-time physicians, as well as a registered nurse, a dietitian and a psychologist. Specialty procedures include syringing of ears, lumps and bumps, cryotherapy, IUD insertion, nail wedge rejection and intramuscular injections. In addition to residents, we accept the occasional medical student for family medicine rotations.

Preceptors at this site are motivated to share our clinical knowledge and skills with learners and to provide support as you work toward a fulfilling medical career.
