

Rosemount FHO

Location: 309-383 Parkdale Ave. Ottawa, ON K1S 2J4

Tel: 613- 724-5858

Primary Preceptor: Dr. Claudia Hubbes

Our practice is located in the Hintonburg area of Ottawa, just down from the Civic Hospital and across from the Parkdale Market. We are a 4 physician practice, with one male physician and 3 female physicians. We are a Family Health Organization (FHO) and all physicians practice broad based family medicine. We care for patients in all stages of life (from prenatal to palliative) with home visits as required. We have two nurses who job share, a receptionist, an office administrator and a medical secretary. We use the Practice Solutions EMR.

Overall, it is an urban practice and has many babies and children. Dr. Hubbes worked in a community health centre close to the Royal Ottawa Hospital for 12 years and therefore has a special interest in mental health. She has many patients with depression, anxiety and some with bipolar disorder. Dr. Hubbes inserts IUDs for her multiparous patients. The centre provides cryotherapy to lesions, ear flushing, injections, Pap smears, endometrial biopsies and skin biopsies. We offer after hours urgent care appointments Mondays to Thursdays from 5-8 PM and on Saturday mornings from 10AM to 1PM.

Dr. Hubbes is bilingual in French and English. However, this is not a requirement for any medical student or resident placements. There are undergraduate medical students who have rotations through the practice, as well as occasionally students from other universities and other residencies or faculties such as midwifery, physician assistants or nurse practitioner students.

We are committed to providing a positive work environment and maintaining a healthy work life balance.
