

Canadian Psychiatric Association

73rd ANNUAL CONFERENCE

October 18-21, 2023

Vancouver, British Columbia

In-person in Vancouver! **Register before Aug. 31 and save**

More than 1,000 psychiatrists, psychiatric trainees, and other health-care professionals will be in Vancouver to discover the latest breakthroughs in clinical practice and research, learn about new policy initiatives, gain competencies vital to modern psychiatric practice, and be inspired to create lasting positive changes in mental health.

By attending the conference, participants should be able to take back to their practices: new concepts, reassurance of current practices, research ideas, educational ideas, and opportunities for further learning and collaboration.

Program Schedule

All sessions incorporate session-specific learning objectives, as well as opportunities for interaction.

Planning Committee

Chair: Dr Michael Butterfield

Associate Chair: Dr Marlon Danilewitz

Accreditation

Conference participants have the opportunity to earn credits in sections 1 and 3 of the Maintenance of Certification program. Attendees who complete the [accredited self-assessment program](#), participate in a pre-conference course, as well as attend all three days of the conference can earn up to 29.5 credits (i.e., 20.5 credits in section 1 and 9 credits in section 3).
