Ottawa, ON
K1H 8M5

Assistant and Associate Professor position

The Faculty of Medicine at the University of Ottawa invites applications for a tenure-track faculty position in the Department of Cellular and Molecular Medicine. The teaching and pedagogical innovation position will focus on the following areas: anatomy, physiology, pharmacology, medical biochemistry, and the development and implementation of laboratory courses in the field of biomedical sciences. Teaching will require active knowledge of French.

The University of Ottawa is one of Canada's leading research-intensive universities with over \$340 million in annual research funding. The University is located on the unceded territory of the Anishinabe-Algonquin people, at the heart of Ottawa's health research and education campus. Together with its [affiliated research institutes](#), the Faculty of Medicine consistently ranks among the top Faculties of Medicine in Canada for research impact and intensity.

The Department of Cellular and Molecular Medicine comprises over 100 faculty members, features a vibrant research atmosphere addressing fundamental questions in basic biomedical research with strong links to translational and clinical research. The successful candidate will also be expected to establish and maintain a vigorous program of independent, externally funded research and to contribute to undergraduate and graduate teaching programs.

Title of the position: Assistant Professor. The higher rank of Associate Professor will only be considered should the successful candidate possess an appropriate level of experience and commensurate achievements.

Number of positions available: One (1)

Duties: The functions of a member of the academic staff include, in varying proportions: a) teaching activities; b) scholarly activities evidenced by research, artistic or literary creation, or professional work and c) academic service activities.

Terms: Tenure-track position.

Wage: Assistant Professor salary scale commensurate according to APUO salary scale. Note: salary for higher ranks is proportional according to level and experience.

Benefits package: The University of Ottawa provides a complete compensation package, including long-term disability, basic group life insurance, supplementary health insurance, University of Ottawa Pension Plan, and optional life insurance.

Relocation expenses: The successful candidate may be eligible for reimbursement of relocation expenses in accordance with the University policy.

Location of work:

Faculty of Medicine, University of Ottawa
451 Smyth Road
Ottawa (Ontario) K1H 8M5

Skill requirements:

- Education: PhD or MD/PhD
- Work experience: Strong track record of teaching experience encompassing the following topics: anatomy, physiology, cellular biology, biochemistry, and innovative laboratory design. Teaching accomplishments, awards and accolades, and presentations at significant conferences demonstrate excellent teaching and a commitment to excellent pedagogical inquiry and research.
- Language: Fluently bilingual (French & English)

Application deadline: July 30, 2023. Note: applications will continue to be accepted until the position is filled.

Applications must be submitted electronically [through the University of Ottawa Careers website](#).

The application package must include the submission of a teaching dossier, a strong teaching statement (1 page), sample syllabi, course materials, and teaching evaluations. The application must also include a description of current and future pedagogical research plans (2 pages).

Three confidential letters of reference should be sent directly to:
