Tel: 613-267-1660

Primary Preceptors: Dr. James Simpson & Dr. Shawn Liu

Dr. Shawn Liu and Dr. James Simpson are generalists who work at the Perth Hospital and at the Elliot Street Clinic in Perth.

Training in Perth provides an opportunity to experience a broad scope of family medicine. Both Dr. Liu and Dr. Simpson work in the emergency room, round on inpatients daily and also provide home based and palliative care to their patients. On your family medicine block you would get an opportunity to practice this full scope of family medicine with a mix of all of the above practice settings.

Our goal is to have you ready to practice independently in any setting you want at the end of your 2 years.

Please feel free to reach out if you have any questions or would want to do a site visit.
