

**FHO spot at Riverside South Medical Centre available immediately.**

Well-established clinic with a team of six collegial family physicians, excellent admin support staff and experienced RN support. Schedule is flexible with access to two exam rooms and a fully stocked procedure room. Most of us are within the first ten years of practice and started here as new graduates, and are happy to provide mentorship. There is also ample opportunity to teach medical learners but this is not required.

Ideal candidate would be looking to bring or build a practice of 1000-1200 patients but options possible for smaller practices also. Lots of local demand for family physicians and would be very easy to build up a practice to your desired size. Generous vacation cross-coverage available for work-life balance.

EMR is PS suite with VPN access, OCEAN, Pomelo

Free parking.
