

Department of Pathology and Laboratory Medicine

Application Form - Diagnostic and Molecular Pathology

Elective for 1st and 2nd Year Medical Students

The Department of Pathology and Laboratory Medicine welcome 1st and 2nd year (preclerkship) medical students to do an elective in the Division of Diagnostic and Molecular Pathology. The goal of the elective is to familiarize students with the clinical activities in the Division and to provide a foundation for future learning. We currently offer a 10-hour elective for 1st year medical students and a 20-hour elective for 2nd year medical students. Students may choose to spend 2 to 4 hours per week in the Division in order complete their elective.

To apply for an elective, please complete this form

Name: _____

Medical Year: First Year Second Year

Language(s) Spoken: English French

Have you completed an elective previously in Diagnostic and Molecular Pathology?

Yes No

Days of the week available:

Monday Tuesday Wednesday Thursday Friday

Time available: Morning Afternoon
