

# Mid-Placement Evaluation Research-Intervention Practicum

**STUDENT'S NAME:**

**SUPERVISOR'S NAME:**

**ORGANIZATION:**

**DATE:**

---

The mid-placement evaluation, which is completed during the seventh week of the placement, allows us to ensure the expected progress of the student's field placement. This evaluation is completed during a meeting between you and the student.

1. Please fill this template by checking the appropriate box:

- *Satisfying: if the objective is reached;*
- *Evolving normally: if the objective is in progress of completion and there are no concerns as to the attainment of it by the end of the field placement;*
- *Facing difficulties: if the objective is not reached and you plan to discuss possible actions with the student to help him/her reach the objective by the end of the field placement (please specify which actions are planned).*

<i>Objectives to be achieved</i>	<i>Satisfying (objective is reached)</i>	<i>Evolving normally (pursuing the objective)</i>	<i>Facing difficulties / issues →</i>	<i>Which actions will be put in place to reach the objective</i>
<i>1.1 Integration of the student within the organization and within the team (Objective 1)</i>				
<i>1.2 Knowledge of the mission, the history, activities or services of the organization, etc. (Objective 1)</i>				
<i>1.3 Knowledge of the social issues faced by the target population of the organization and their main partners (Objective 1)</i>				
<i>1.4 Integration of intervention processes (knowledge and skills in intervention methods and approaches (Objective 2)</i>				
<i>1.5 Ability of the student to</i>				

<i>plan and evaluate their intervention(s) (critical analysis) (Objective 2)</i>				
<i>1.6. Reflection on professional and intervention soft skills (Objective 2)</i>				
<i>1.6.1 Capacity to relate and create relationships with persons served by the organization</i>				
<i>1.6.2 Capacity to reflect on their strengths and challenges during intervention or research</i>				
<i>1.7 Ability to raise ethical issues in intervention and / or research (Objective 2)</i>				
<i>1.8 Capacity to develop knowledge on a social problem or capacity to develop a specific project (Objective 3)</i>				
<i>1.9 Identify avenues of reflection for the renewal of social practices (Objective 5)</i>				

**2. Indicate your summary appreciation of the first part of the Field placement**
