- your GPA
- your chances of graduating
Housing Service provides you with programs and opportunities that enhance the overall student experience, support academic success, and foster leadership development beyond the classroom.

YOUR GROWTH, DEVELOPMENT, AND WELLBEING ARE CENTRAL TO OUR ACTIVITIES.

The Wellness Lounge is a space in residence dedicated to supporting the holistic wellbeing of students.
Community Advisors (CAs) are upper year students who live on your floor. They will help you transition to university life. There are 72 CAs in residence.

There are one to two mentors living in each residence to provide you with academic support.

Myriam Faucher
fourth-year psychology student,
former Community Advisor, Friel Residence

“The Living Learning Community is the reason I love my job so much! I witness how it eases students’ transition from high school to university. The LLC brings the residence experience to the next level because it’s not just about the students anymore; it’s really about how they can make a difference in their community.”
LIVING LEARNING COMMUNITIES

In addition to acquiring fundamental skills that will serve you throughout your life, you can also choose to live in a community that will expand your knowledge and encourage new experiences while in residence.
