3. In "Add a module", write the name of the course module you want to create. (*Example: Link to Ares*)

	 Link to Ares ~ 	🔒 Print 🛛 🗔 Settings
文 Overview	Add dates and restrictions	Published 🗸
Bookmarks	Add a description	
Course Schedule	Upload / Create 🗸 Existing Activities 🗸 🔗 Bulk Edit	
able of Contents	Drag and drop files here to create and up	date topics
Link to Ares	Add a sub-module	
Add a module		

4. From the "Existing Activities" dropdown menu, select "External Learning Tools"

5. Next, in "Add Activity", select "Link to Ares E-Reserves – English" (or "*Lien aux Réserves électroniques Ares – Français*" depending on the course language). You can create both if you wish, simply repeat this last step.

Add Activity ×
