

## Tier 2 Canada Research Chair in Health Economics

**Location:** Ontario

**Posting no.:** 20068-CRC

**Deadline:** December 10, 2020

The University of Ottawa invites applications for a Tier 2 Canada Research Chair (CRC) in Health Economics. The successful candidate will hold a tenure track position with the [Faculty of Medicine](#)'s [School of Epidemiology and Public Health](#). This research-intensive School, comprised of over 150 core, adjunct, and cross-appointed interdisciplinary faculty members, is a vibrant environment with research and teaching foci in multiple health-related fields. The School confers MSc and PhD degrees in Epidemiology, a Master of Public Health degree, and a Graduate Diploma in Population Health Risk Assessment and Management. It oversees the Public Health and Preventive Medicine Residency program and contributes to undergraduate medical education training. The successful candidate will become an integral member of the University of Ottawa's [School of Epidemiology and Public Health](#), with access to a broad network of research collaborators across the city of Ottawa, as well as state-of-the-art equipment facilities.

We are interested in attracting early career candidates with a doctoral degree in Economics, or in a relevant quantitative area, with very strong training in economics. Applicants will be expected to have evidence of research quality and productivity in the conduct of economic evaluation of health care technologies as demonstrated through research funding and academic output. Applicants should have substantial experience in designing, building and analyzing decision models in the conduct of economic evaluation and related experience in teaching these methods. In addition, experience in the economic evaluation of health systems financing and functioning, would be an asset.

**Tier 2 Chairs**, tenable for five years and renewable once, are for exceptional emerging researchers, acknowledged by their peers as having the potential to lead in their field. For each Tier 2 Chair, the institution receives \$100,000 annually for five years, with an additional \$20,000 annual research stipend for first-term Tier 2 Chairs.

Candidates should, at a minimum, be assistant professors, or possess the necessary qualifications to be appointed to these levels. Candidates who are more than 10 years from their highest degree must contact the University of Ottawa directly for questions related to their potential eligibility for a Tier 2 Chair. The institution may nominate a professor or a researcher who is more than 10 years from their highest degree at the time of nomination and has experienced legitimate career interruptions (see [acceptable justifications](#)). In such cases, the institution must submit to the Secretariat a formal justification (using the [Tier 2 Justification Screening Form](#)), explaining why the nominee is still considered to be an emerging scholar. The University recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process. New CRC nominees are also eligible for infrastructure support

from the [Canada Foundation for Innovation](#) (CFI) to help acquire state-of-the-art equipment essential to their work.

**Preferential Hiring:**

The University of Ottawa is committed to ensuring equity, diversity and inclusion in the scholarly and leadership environments of our students, staff, and faculty. Accordingly, we strongly encourage applications from members of the four designated groups such as Indigenous peoples, visible minorities, persons with disabilities, and women, as defined in the [Employment Equity Act](#), as well as from all qualified candidates with the skills and knowledge to productively engage with equitable, diverse and inclusive communities. As part of this preferential hiring process, applications from members of the four designated groups will be prioritized and assessed first for the vacancy. Candidates who wish to qualify for preferential consideration are asked to fill the following self-identification form:

[https://research.uottawa.ca/sites/research.uottawa.ca/files/crc\\_self-identification\\_questionnaire\\_ovpr.pdf](https://research.uottawa.ca/sites/research.uottawa.ca/files/crc_self-identification_questionnaire_ovpr.pdf).

The purpose of this measure is to increase the representation of members of the four designated groups in the allocation of Canada Research Chair positions.

**Required Qualifications:** A PhD, superior research achievements in the CRC's identified area(s) and proof of interdisciplinary collaborations, a solid record with respect to teaching and training of students at the graduate level, the ability to obtain external research funds, excellent communication skills in either English or French. A passive knowledge of the other official language is considered an asset.

**Rank and salary:** Academic rank will be at the Assistant or Associate Professor level and commensurate with the career stage and track record of the successful candidate. This position is governed by a collective agreement between the University of Ottawa and the Association of Professors of the University of Ottawa.

**Application Package:**

- A cover letter;
- An up-to-date curriculum vitae (please include career interruptions such as parental or sick leaves that may have impacted your record of research. These will be taken into consideration in the selection process);
- A research plan (2 to 3 pages);
- A statement of teaching interests (1 to 2 pages); and
- The names of three people who may be contacted by the University for letters of reference which will follow the [Canada Research Chairs guidelines](#) (i.e. one arm's length and two who are not affiliated to the University of Ottawa unless they are the candidate's PhD or postdoctoral supervisor).
- Self-identification form (see Preferential Hiring section above).

**Posting no.: 20068-CRC**

**Deadline:** December 10, 2020

The selection process will begin immediately after the closing date and will continue until the position is filled. Only candidates selected for an interview will be contacted. Please send the application package to the following address or by email to:

Dr. Sylvain Charbonneau, Vice-President, Research

University of Ottawa  
550 Cumberland St., room 246  
Ottawa, ON K1N 6N5 CANADA

*If you are invited to continue the selection process, please notify us of any particular adaptive measures you might require by contacting the Office of the Vice-Provost, Faculty Relations at 613-562-5958. The Canada Research Chairs Program imposes no restrictions on nominees with regard to nationality or country of residence. Procedures to allow non-Canadian chairholders to work in Canada have been established by Employment and Social Development Canada and Immigration, Refugees and Citizenship Canada.*

*The University of Ottawa is justly proud of its 160-year tradition of bilingualism. Through its Official Languages and Bilingualism Institute, the University provides training to staff members and their spouses in their second official language. At the time of tenure, professors are expected to be able to function in a bilingual setting. In certain cases, professors must have the ability to teach in both official languages to be granted tenure.*
