The help he received made his transition easier, "especially the move — it's a lot when you come from a small community." The scholarship allowed him to concentrate on his studies instead of working and brought him "financial relief."

Félix, who's a member of the Algonquin community, is pleased with the activities available to him and likes to get involved and connect with other Indigenous and non-Indigenous peers at the University and in the community.

Félix encourages future students to apply for scholarships or bursaries. "I'm happy that I applied and I'd encourage everyone to do the same!"
