VIRTUAL CAMPUS TOUR
Available as of October 28th
Undergraduate Admissions – Ontario High Schools

SEPTEMBER 2021 ADMISSION CYCLE
Changes to current programs

Health Sciences
• Nursing now requires a 65% minimum in all prerequisites (prior to this, the minimum 65% was only Biology and Chemistry 4U)

Social Sciences
• Women's studies programs are rebranded to Feminist and Gender Studies

Arts
• New Major in World Languages and Cultures
• New certificate in Professional Writing*
• New certificate in Creative Writing*
• New BA options in Professional Writing, Professional Editing and Urban studies**

Engineering
• The Data Sciences program introduced in 2019 now offers COOP

*Note that applications for certificates can only be submitted via uOttawa's internal application
**Options are added after first year only
Food and Nutrition Sciences

Food and Nutrition Sciences with option in Food Sciences

Prerequisites and other requirements
- English 4U or Français 4U
- Biology 4U
- Chemistry 4U
- One Mathematics 4U course

Average (high school students): High 70s

A minimum average of 65% is required in the chemistry prerequisite course.

- Past experience indicates that students with a strong background in biology, chemistry and physics have an increased rate of success.

Food and Nutrition Sciences with option in Nutrition Sciences

Prerequisites and other requirements
- English 4U or Français 4U
- Biology 4U
- Chemistry 4U
- One Mathematics 4U course
- A language proficiency test

A minimum average of 65% is required in the chemistry prerequisite course.

- Offered in French only to bilingual students. Past experience indicates that students with a strong background in biology, chemistry and physics have an increased rate of success.

Winter deadline to apply is October 25th
Spring deadline to apply is April 30th
APPLY TO AN ONTARIO UNIVERSITY

UNDERGRAD (101)
Current Ontario high school students

UNDERGRAD (105)
Canadian residents or international applicants not currently attending an Ontario high school

LAW
Ontario Law School Application Service (OLSAS)

REHAB SCIENCES
Ontario Rehabilitation Science Programs Application Service (ORPAS)

TEACHING
Teacher Education Application Service (TEAS)

MEDICINE
Ontario Medical School Application Service (OMSAS)
Undergraduate Applications

101 Application : For Ontario high school students

- Base Application Fee: $150 for 3 choices
- Additional Choice Fee: $50/choice
- International Service Fee: $10 If you are not a Canadian citizen or permanent resident.
- Pin to start the application will be given to the student by the school

105 Application : For all other applicants

- Base Application Fee: $156 for 3 choices
- Additional Choice Fee: $50/choice
- International Service Fee: $10 If you are not a Canadian citizen or permanent resident.
- uOttawa’s supplemental Fee : $90 (high school and Cegep applicants are exempted)
OUAC – Program Language

• There is a note on the English page that French programs can be found at the bottom.

• There is a note on the French page that English programs can be found at the bottom.

• When a program offers a French immersion option, there is a note that immersion is not for students who studied in French.

• Extended French is now changed to French immersion Stream

• French Immersion Stream no longer accepts DELF test. They have their new placement test.
Once a student has applied ...

- OUAC sends an acknowledgment by email with an OUAC reference number
- uOttawa sends one acknowledgement per application
- Candidates must log into uOzone and under Application, check to see which documents or additional information, if any, are required.
- To send documents to uOttawa, students must upload their documents using the uOdoc application in uOzone.
Acknowledgement email

Access your Admission file

This message is an automated email - please do not reply.

Student Number:

Hello

We have received your application for admission and are pleased that you are interested in studying at the University of Ottawa.

According to our records, you have applied for the following program:

Keep this message: It contains your student number and your uOAccess identifier, which will be required throughout the admission process and your studies.
uoDoc in uoZone

1. Select an application from the Program dropdown list.
2. Select the document you wish to upload.
3. Click Choose File.

Please ensure that your documents are compliant. In order for us to evaluate your application, you must follow the directions listed below. Submitting a non-compliant document may delay the evaluation of your application.

- You must scan your transcript and combine the pages into one single PDF file.
- Photographs of transcripts will not be accepted.
- File names must be 8 characters or fewer in length, with no accents or special symbols.
- Files should not exceed 10 MB in size.
- When uploading the document, make sure to upload the requested document and include all pages as well as the grading scale.

Once a document has been uploaded, it will disappear from the dropdown list within the hour. Therefore, please do not submit the same document multiple times.

Once you have submitted all the required documents, the status of your application will change to Under Evaluation within 24 hours.
How do we evaluate a file?

- OUAC sends us applications electronically including Ontario High school grades.
- Admission is first based on grades.
- Some programs have additional requirements.
- There are no adjustment factors used to correct for potential grade inflation.
- Students who do not meet the cut-off but filled a Declaration of personal experience may be evaluated by committee.
Declaration of personal experience

- If the student’s academic history is unusual or faced personal challenges.
- Students can improve their chances of admission by filling out a Declaration of Personal Experience if their average is below the minimum cut off.
- A panel of expert faculty members will take into account experiences that reflect positively on their admission before making an admission decision.
- A declaration of Personal Experience can only be submitted by Canadian citizens, permanent residents or those having refugee status.
- Declarations will only be considered in decisions for admission to undergraduate programs in one of the direct-entry faculties, and will not be considered for admission to programs leading to a Juris Doctor designation or graduate studies.
- Fill out the Declaration of Personal Experience in their admission file in uoZone, the University’s secure student portal.
Student Academic Success Service

Students who need accommodation should contact the SASS - Academic Accommodations section as soon as they accept their offer, starting in June.

Basis of Admission

High school

- High school diploma and 6 courses 4U/4M.

College (https://www.uottawa.ca/undergraduate-admissions/canadian-colleges)

- Two sessions, full time, in the same program
  - 2 sessions : no transfer credits
  - 4 sessions or more : can receive advance credits

University

- A minimum of 24 university credits
Ontario High Schools – First round

- The first offers are usually sent in December until February.
- The admission average is calculated using the best 5 final marks (3U/3M and/or 4U/4M).
- For programs with math and science prerequisites: we include at least one math and two science courses in the calculation. We take the higher between 3U/M or 4U/M.
- For programs with math prerequisites: we include all the math marks.
- Depending on the type of semesters your school offers, if final grade 12 marks are available during this round of offers, we will use them if they are higher than grade 11 final marks.
- A minimum average of 85% is required for English depending on the program.
- No refusals are sent out during the first round.
Ontario High Schools – Second round

• Our second round of offers start in February until May.
• The average is calculated with 6 final marks (3U/3M and/or 4U/4M).
• A minimum of two Grade 12 (4U/4M) marks are used.
• Candidates must be enrolled in their program prerequisites.
• The admission average depends on the program.
• Most programs remain open until the third round in May.
• If an applicant is not eligible for the CO-OP option, the student will be considered for the regular program (without CO-OP).
• No refusals are sent out during the second round.
• Candidates who did not receive an offer of admission and who wish to submit a Declaration of personal experience should do so after the last week of February.
Ontario High Schools – Third round

• Our final round of offers start mid-May and continue throughout the summer.

• The admission average is calculated using six Grade 12 courses (4U/4M, intermediate or final marks).

• We must have marks for all the prerequisite courses (intermediate or final marks).

• Refusals and alternative offers will be sent out during the third round.

• If we are still missing marks for certain courses, the students file will be changed to ‘deferred’ for the remainder of the summer until we receive the missing grade.

*4C, 4O, 4T courses do not count.

Due to feedback received regarding timing of when grades will be available in the quadmester or octomester models, for students with prerequisites in the last 'mester' or who will not have a minimum of 6 4U/M grades by May, we will use the grade 11 equivalent course in our 3rd round of admissions.
Confirmation of conditions

• Occurs mid-July.

• We confirm that all candidates who have been admitted meet the admission requirements.

• All admission offers sent to Ontario high school students are conditional. The following conditions are stated in the offer of admission:
  – Obtaining an Ontario high school diploma.
  – Having completed at least six 4U or 4M courses* as well as the program’s prerequisites.
  – Maintain a minimum admission average.

• Offers are withdrawn if a candidate does not meet the conditions stated in the offer of admission.

• Students who no longer meet the admission requirements will receive an email.

*4C, 4O, 4T courses do not count.
Admission conditions

- We recalculate the admission scholarship one last time. It may be increased or withdrawn, but never reduced if they maintain 80%.

- For students who were admitted in 1st and 2nd round, we recalculate their admission scholarship in May and July.

- For students who were admitted in May, we calculate their admission scholarship in July.
Ontario High Schools

- Students who have already received their OSSD, but take more courses to upgrade their marks are not evaluated in our first two rounds of offers, as we can no longer use their grade 11 marks into the average calculation once they have more than 6 4U/M marks.

- These students are considered for admission in March, in a separate process for students who have already graduated.

- Students who are admissible with their completed grades can email us to ask to be evaluated earlier than March.
CO-OP

• In order to be admitted directly into a program with a CO-OP option
  
  – A minimum average of 75% is required for students who have completed two years of CEGEP.
  
  – A minimum average of 80% is required for students with less than two years of CEGEP or who are entering directly from the high school level.

• If an applicant is not eligible for the CO-OP option, the student will be considered for the regular program.
Alternate offers

- Alternate offers may change from year to year based on program availability and averages.
- When possible, an alternate offer is sent to the applicant.
- The “scenarios” are decided in February.
- For Nursing: no alternate offer at a different campus. Students cannot change campuses during their program.
Deadlines

January 15, 2021
Deadline for Ontario high school students to submit their completed application to the OUAC.

May 27, 2021
The latest date all high school applicants can expect a response from an Ontario University. This includes: an offer of admission; a refusal; or a deferral, once additional information is received.

June 1, 2021
The earliest date an Ontario high school student may be required to respond to an Ontario university offer of admission and give a financial commitment including housing deposit.

International Baccalaureat (IB) & Advanced Placement (AP)

• Students will be evaluated on their Grade 12 marks

• To receive advance standing
  
  • IB: may be awarded advanced standing for higher-level subjects if they passed with a score of 5 or more. Advanced standing varies by program.

  • AP: may be awarded advanced standing with a score of at least 4 in the AP exam is required to receive advanced standing

• We only receive final grades in July.

• We will send a revised offer of admission in July if we grant advanced standing.
Mature candidates

For candidates who do not meet the standard requirements

• Most have a basis for admission, which will be considered first.
• To be considered as a mature applicant, you must meet all the requirements:
  – be a Canadian citizen or permanent resident
  – must have two or more years of work or other non-academic experience since completing secondary school studies
  – the period of non-academic experience may include part-time, but not full time, post-secondary studies
  – demonstrate academic promise through studies, work and/or personal experience
  – meet the particular program requirements
  – must submit the declaration of personal experience to tell us why you think you have the potential to succeed.
• The decision on your application will depend on the strength of your file and the chosen program. We do not offer a pre-evaluation service. For us to evaluate your file, you must submit an application for admission that includes all necessary documents.
Admission Deferrals

• Except under exceptional circumstances, it is normally not possible to defer an offer of admission, as they are only valid for the program, year and term specified. As such, students who wish to be considered for an alternate year or term must submit a new application, fees and any new supporting documents.

• If exceptional circumstances prevent you from starting your studies as planned, you may request a deferral of your offer of admission.
  – The following criteria will need to apply:
  – You must have accepted your offer of admission;
  – You must meet the conditions of your offer;
  – You will not be attending any academic institution during the deferral period;
  – The deferral period does not extend more than 12 months;
  – Your program must be open for admission the session for which you are requesting the deferral.
  Please check the list of available programs per session.

https://www.uottawa.ca/undergraduate-admissions/i-have-received-a-decision
Head Start

Grade 12 students who are high achievers may be eligible to take one three-unit course per term.

- Cost of $150 per course.
- Courses count towards their degree requirements.
- Can take up to a maximum of two university courses or the equivalent of six units.

To be eligible:
- must provide the University with a letter of recommendation from their high school principal and have an overall average of 90% or more.

To participate in this program:
- Students must send an email to admissions@uOttawa.ca and provide the requested documentation.
- Selected students are enrolled as special students in the gifted student category and must comply with the same academic policies and regulations as regular uOttawa students.
