

ELECTIVES

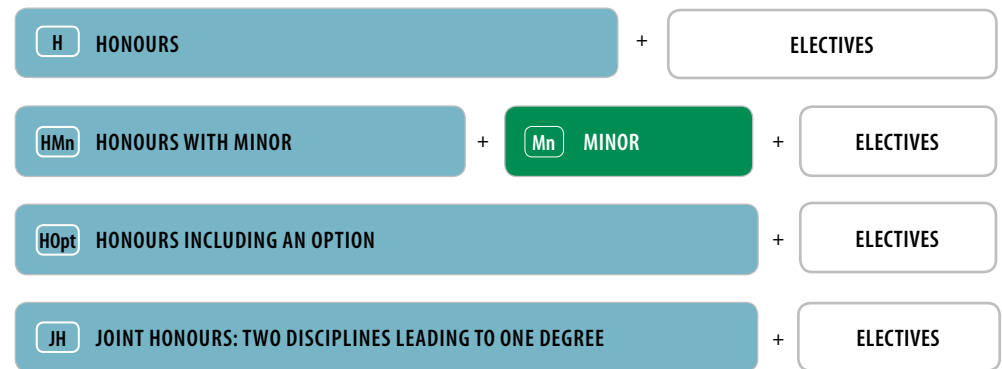

In your program, some courses are compulsory. Electives, on the other hand, are courses you are free to choose. They allow you to discover a new passion and to confirm our choice of program. You can choose your electives among hundreds of courses the University offers. For example, if you're enrolled in history, you can take a geology or a course from one of our 14 language programs. The possibilities are endless. Take advantage of them!

OPTIONS

An option is a set of courses in a given field that complements your main program and allows you to choose a more specific direction in your studies. For example, if you are enrolled in environmental science, you can add an option in global change and gain specialized knowledge in this field. Options are offered in Engineering, Management and Science.

HONOURS ACADEMIC PATHS

HONOURS (4 YEARS)

DOUBLE MAJOR | MAJOR AND MINOR (4 YEARS)

DD DOUBLE DEGREE – INTEGRATED PATH LEADING TO TWO DEGREES (5 YEARS OR MORE)

BACHELOR'S ACADEMIC PATHS

BACHELOR'S (3 YEARS)

BACHELOR'S WITH MINOR (3 YEARS)

OTHER ACADEMIC PATHS

PROFESSIONAL STUDIES (2 YEARS OR MORE)

To be admitted for professional studies, you must have prior postsecondary studies.

CERTIFICATE (1 YEAR)

To be admitted to a certificate program, you might require professional or academic experience.

ACADEMIC PATHS BY FACULTY

At the University of Ottawa, disciplines are offered in many academic paths, as shown on page 18. The tables on pages 19 to 22 let you determine which paths are offered in the disciplines you're interested in.

Faculties offering programs not requiring prior university studies

Legend
